Depending on the level of the validated certificate or the language level test, we will recommend which course you need.

Save the process code for the day of registration and check the schedules of the courses for your level and town in the course search engine cpnl.cat/oferta

If you **don't have a certificate**, please answer the questions.

- If you **speak Catalan**, you'll be able to request a level test.
- If you **don't speak Catalan**, you'll have to take an Initial or Basic 1 course (there's no need for you to take the language level test).

If you've **already taken a course at CPNL before**, you will have to take the next course.
